WORK EXPERIENCE

Pacific Life Insurance Company January 2016 – Present
Product Support Analyst Aliso Viejo, CA

- Oversee product development by creating and updating product scope, product specification and ensuring feasibility from Information Technology, Compliance, Tax, Marketing, Competition and other Internal Division to make sure that needs are met and specification are executed as intended.
- Benchmark and analyze products to ensure that products yield intended results across multiple company platforms including internal administrative systems, producer illustration systems and customer service interface systems.
- Develop and review product and rider specifications, internal product rates, and other numerical summaries or tools for internal and/or external departments.
- Review internal and external documents as subject matter expert to ensure that communications within the company and outside the company accurately represent the products and features of Pacific Life's products.

Forester's Financial October 2013 – December 2015
Financial Services Representative Monrovia, CA

- Developed prospecting plans including contacting natural market, utilizing warm and cold calling, hosting seminars and interacting using social media.
- Carefully reviewed clients' risk profiles, current assets and liabilities, time horizons, and investment, supplemental income and insurance needs to determine long financial plans designed to optimize short-term and long-term incomes.

First Property Corporation April 2013 – September 2013
Real Estate Intern Beverly Hills, CA
